Storage unit attachments

Snap-on Tools has released right-side (KELN301AR) and left-side (KELN301AL) attachments for its Epiq tool storage units. The add-ons provide more than 4,300 square inches and almost 33,000 cubic inches of storage capacity. The storage system, built with a proprietary standing seam and corner gusset design, features a load capacity of 4,000 pounds. The system includes six pull-out bins and is expandable to 13 bins from top to bottom. It comes with a reversible door with over-swing opening and an optional LED light. Users can add lockers to the attachments.
